

Dear Friends,

It has been a great honor and pleasure serving as your State Representative in Madison for the past two years. It's hard to believe this election is already here.

We've worked hard to reduce property, income taxes and to stop tax hikes and together we have made government more accountable. Our voices were heard through a referendum that made our local government operate more efficiently by living within its means. We increased education funding and expanded options for parents to choose the school that best fits their child's needs. With overwhelming support from you and your neighbors we broke through the barrier of a decades-long crisis and fixed the delivery of mental health services. We modernized 40 year old banking laws and provided regulatory certainty paving the way for the creation of thousands of good paying jobs for Wisconsin families.

I am asking for your vote on November 4th so I may return to Madison and continue working hard on your behalf.

Joe Sanfelippo
